

SPIDER'S WEB

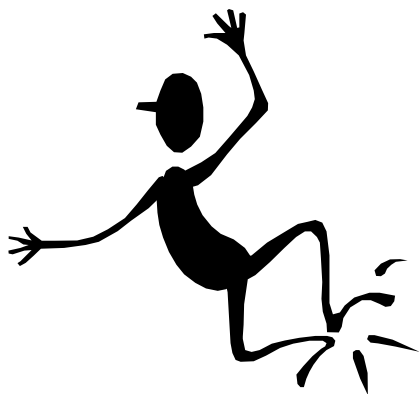

MISSION STATEMENT: To provide a resource for the musicians and other artists of the Pahrump Valley of Nevada to locate and contact one another. This is meant to include people of all ages and all levels of expertise. Additionally, "Spider's Web" should provide effective connectivity with venues for rehearsal, live performance, and recording to media of all art forms.

This is a listing of names, interests, experience, and contact numbers – a resource for others with similar interests to make contact. We can be found on the Internet, along with other artistic endeavors at:

<http://www.PahrumpValleyMusicianAndArtistNetwork.com/>

We meet and greet at the *Cross Country Recording Studio, 1200 N Leslie Street, Pahrump*. This session is held on Sundays from 12:00 to 4:00 p.m. One never knows who all will be there, but both SpiDer and Curly normally are present to get you listed.
